

Joint Expert Forum for Prevention of Pneumococcal Diseases in Children in Asia Scientific Program

Objectives:

1. Promote and facilitate the adoption of pneumococcal conjugate vaccine in National Immunization program in Asian countries.
2. Exchange of experiences in the use of pneumococcal conjugate vaccine in Asian countries.
3. Review of scientific evidences regarding the effectiveness and real-world experience of using pneumococcal conjugate vaccines to prevent pneumococcal invasive disease, otitis media, community-acquired pneumonia, and perhaps, paranasal sinusitis.
4. Make a recommendation for pneumococcal conjugate vaccine in children in Asia and publish a review paper.

Program:

Saturday 12th May 2018

Time		Speaker
08:30-08:50	Registration	
08:50-09:00	Welcome	Ping-Ing Lee (Taiwan)
Session 1: The use of pneumococcal conjugate vaccine in children: past, present and future		
Moderator: Tzou-Yien Lin (Taiwan)		
09:00-09:30	Effectiveness of pneumococcal conjugate vaccine in preventing otitis media, community-acquired pneumonia, and paranasal sinusitis	Chun-Yi Lu (Taiwan)
09:30-10:00	Emerging issues after the use of pneumococcal conjugate vaccines: serotype replacement, other emerging pathogens, and changing disease patterns	Yhu-Chering Huang (Taiwan)
10:00-10:10	Discussion	
10:10-10:15	Group Photo	
10:15-10:30	Coffee break	
Moderator: Zulkifli Ismail (Malaysia)		
10:30-11:00	Use of pneumococcal conjugate vaccines in preventing invasive pneumococcal diseases	Cheng-Hsun Chiu (Taiwan)
11:00-11:30	10-valent vs. 13-valent pneumococcal conjugate vaccine	Ping-Ing Lee (Taiwan)
11:30-11:50	Current status and future development of pneumococcal conjugate vaccine	Allen Chang (Taiwan)
11:50-12:00	Discussion	

12:00-13:30	Lunch	
Session 2: Current status of pneumococcal disease prevention in children in Asia		
Moderator: Usa Thisyakorn (Thailand)		
13:30-14:00	Pneumococcal Disease in Asia: The clinical burden in the era of vaccination	Daniel Goh Yam Thiam (Singapore)
Epidemiology and preventive strategies of pneumococcal infection in countries with implementation of PCV in NIP – experiences and obstacles		
14:00-14:10	Taiwan report	Ding-Ping Liu (Taiwan)
14:10-14:20	Singapore report	Daniel Goh Yam Thiam (Singapore)
14:20-14:30	Hong Kong report	Lillian Wong (Hong Kong)
Moderator: Iqbal Memon (Pakistan)		
Epidemiology and preventive strategies of pneumococcal infection in countries without implementation of PCV in NIP – experiences and obstacles		
14:30-14:40	Malaysia report	A'aisah Senin (Malaysia)
14:40-14:50	Thailand report	Suchada Jiamsiri / Jurai Wongsawat (Thailand)
14:50-15:00	China report	Liu Gang (China)
15:00-15:10	Pakistan report	Iqbal Memon / Syed Saqlain Ahmad Gilani (Pakistan)
15:10-15:20	Indonesia report	Gertrudis Tandy (Indonesia)
15:20-15:50	Coffee break	

Session 3: ASAP recommended strategy to promote and facilitate adoption of pneumococcal conjugate vaccine in National Immunization Program in Asian countries	
Moderator: Ping-Ing Lee (Taiwan)	
15:50-16:50	Round Table discussion
16:50-17:00	Closing remarks

台灣疫苗推動協會

Sunday 13th May 2018

Time		Speaker
08:30-09:00	Registration	
Session 4: Recommendation for pneumococcal conjugate vaccine in children in Asia		
Moderator: Lulu Bravo (Philippines)		
09:00-09:30	Introduction: epidemiology in Asia, rationale of using PCV	Zulkifli Ismail (Malaysia)
09:30-09:40	Discussion	
Moderator: Ping-Ing Lee (Taiwan)		
	Recommendations: disease burden, antibiotic-resistance of <i>Streptococcus pneumoniae</i>, cost-effectiveness of PCV, recommended PCV schedule, strategies of promote PCV vaccination	
10:00-10:50	Discussion -1	All delegates
10:50-11:10	Coffee break	
11:00-11:50	Discussion-2	All delegates
11:50-12:00	Summary and concluding remarks	Ping-Ing Lee (Taiwan)
